

Blue Users

When creating an account you will need to follow the guide below:

- You will supply a username of your liking, we recommend having some sort of combination with “blue” so that it's easy to remember and follow.
- You will need to provide an accurate email address for the account as well as a password.
- Last thing you need to do is select a role, since this is for red users you would select “Blue Team”.

The following is of access to Blue Users once they are signed in to CySim:

Rank	Name	Score
1	Cyclones	77
2	DMACC	64
3	Hawkeyes	23

- You will have access to a variety of pages
 - Home
 - This page is where you can see basic information about CySim and is where you will load in once signed in.
 - Team Registration
 - This page is where you can go to either:
 - Join a team
 - Create a team and add members to this team
 - Along with this you will be able to see other teams as well as their members.

- You have access to add and delete team members and your select team as a whole.
- Scoreboard
 - This page is where you can go to see the current statistics of games being played, things such as the leaderboard for the current scenarios being run is shown here.
